TMGFS is a credit union service organization (CUSO) and is credit union owned. They are one of the top-65 largest credit card issuers in the United States. Their card program offers rewards, 24/7 U.S. based cardmember service, and member friendly rates and fees.

Simplify your life with e-Statements. Getting an e-Statement instead of a paper one in the mail is the easy way to keep track of your finances, and it's easier on the environment as well. Here's how it works: When your statement is ready shortly after the end of each month, we'll send you an email. You can then go online, login to your account and check it out. Did all the checks clear? Does our balance agree with yours? What is the remaining balance on your loan? If everything is correct, just file it electronically, where it won't disappear under a pile of flyers.

And, you won't have to worry about your personal information sitting in your mailbox or getting lost in transit when you have your mail forwarded when you are away. So make the switch to e-Statements. Call, click, or stop by the credit union.
